avenue, Rondout, N. Y.
Now as the chilling winds of Autumn are
advancing and all nature is beginning to
assume the sombre garb we are reminded that
we too much prepare clothing suitable to the
approaching cold season, to shield ourselves
from the wintry blasts which will soon be
upon us. In order to meet the wants of
Ladies, Misses and Children we have laid in
an immense stock of JACKETS, WRAPS
and CLOAKS which we offer at prices from
20 PER CENT to 25 PER CENT less than
former rates. As we did not carry any old
stock over, our goods are new and desirable
in quality and style. Made up in the latest
fashion from the best selected goods. We
guarantee perfect satisfaction in every particu-
lar. We are also prepared to meet all
wants in Dress Goods, Underwear, Hosiery
Gloves and Domestic of all kinds.
We still adhere to "live and let live" prices
and respectfully ask an inspection of our stock
before buying elsewhere.

NOTES ON NEWS OF THE DAY.

JACKSONVILLE is still scourged. Yester-
day the yellow fever deaths were four and the
new cases 16. The death list has reached
396 and the sick list 4,568. Four new cases
have appeared at Gainesville.

FULL election returns in Virginia give Mr.
Cleveland a majority of 1,586. The Old Do-
minion has become a poor sample of South-
ern solidarity. A fair count would have given
the state to Harrison by not less than 10,000.

THE Republican majority in Kansas is up
to 82,000, with fifteen counties yet to hear
from. This is the state in which the Demo-
crats said the farmers were almost dying for
revenue reform. Kansas takes the Republi-
can banner, as her majority leads that of
Pennsylvania by 8,000.

ARIZONA returns a Democratic delegate to
Congress, but by a greatly reduced majority,
and elects a Republican majority to both
branches of the Legislature. Arizona might
begin to pack her trunks for a trip into the
Union. Her population is something in ex-
cess of 100,000.

Mrs. ROBINSON, the Somerville prisoner,
is to spend her life in Lowell jail instead of
the Massachusetts state prison. This saves
the state the expense of a matron to take
charge of Mrs. Robinson, who is the only
female convict. Our state has a Mrs. Rob-
inson, a murderer, serving out a life sen-
tence in the asylum for insane criminals at
Auburn. She was sent from Troy about
thirty years ago. Her weapon of destruction
was also poison.

THE New York Sun's Washington corre-
spondent thinks Western ideas will dominate
the new administration, that Congressman
Cannon of Illinois will be the Speaker of the
House, and that Gov. Rusk will have a place
in the Cabinet. Even if this is true the East
will not be jealous. From Southern to West-
ern domination, from Carlisle to Cannon, and
from Garland to Rusk, will be a grateful
change, and every honorable and patriotic
citizen will feel prouder of his country if it
happens.

THE 1st of January is approaching, and
yet no device for killing murderers by elec-
tricity has been adopted by the state. The
man who was hanged at Waterloo yesterday
was probably grateful for the deliverance and
his consequent escape from being used for an
experiment with the new process. It is not
impossible that some time next summer the
state executioner will find it necessary to get
all the murderers up to date together and an-
nounce them out in a thunder storm. The new
law will probably aid in hastening the abo-
lition of capital punishment.

MR. CLEVELAND is willing to sell his Red
Top property, but wants \$150,000 for it. It
cost somebody \$50,000 to buy and improve it,
but the impression still prevails that Mr.
Cleveland was not the man who paid for it.
But whether he did, or whether it was given
him in order to boom the surrounding prop-
erty, it is the fact that a costly avenue or
boulevard was at once built out to it through
a barren and uninhabited stretch of country
at the expense of the government. The soil
of Red Top "remains in its place," but the
time has come for Grover to go.

GOV. MELLETT of Dakota has come to In-
dianapolis to confer with Gen. Harrison
about the admission of the territory. Mel-
lette is a Democrat, but it is not known that
he ever appealed to Mr. Cleveland to let the
territory in. Even now he would rather wait
a year, or till the next Congress meets, than
annoy His Excellency with a request that is
preposterous as long as Congress remains
Democratic. But the two Dakotas will be
admitted in time to send four Senators and
four or five Representatives to the fifty-first
Congress.

THE constitutional amendment voted upon
at the late election has probably been de-
feated. The people were indifferent to it
and did not cast enough votes to have car-
ried it, even if all had been in its favor, as
the law requires a majority of all the votes
cast at the election. The amendment was
for the relief of the Court of Appeals, which
is years behind with its calendar, and is ap-
parently harmless. There was quite a preva-
lent opinion, however, that it would en-
courage litigation to have the old calendar
worked off.

THE Democrats unblushingly announce
that their object in trying to secure a Demo-
cratic House is to prevent the admission of
the Northwestern territories and a new
Congressional apportionment on the census of
1890. How long can that party hope to
profit by its man unjust to the great terri-
tories that already equal in population some
of our large states? If it were to count up
the votes that it lost at the recent election by
keeping Dakota out, there would be more
wisdom abroad.

THE New York Press's Cabinet gossip of
to-day includes Mr. Blaine, J. S. Clarkson of
Iowa, John B. Henderson of Missouri,
Nathan Goff of West Virginia, John Wana-
maker of Pennsylvania, Gen. Lew Wallace
of Indiana, and either Warner Miller or
Thomas C. Platt of New York. These Cab-
inet speculations are useful, not so much in
indicating the coming men as in showing
what excellent Cabinet timber the Republi-
can party possesses. After the newspapers
are all done, Gen. Harrison will lend a hand.

MISS VIRGINIA MASON, the spinster school-
ma'am of New York whom the Board of Ed-
ucation vindicated about two months ago
from the accusation brought by one Mrs. Mc-
Masters of being too fond of her husband,
has been discovered living with Mr. McMas-
ters as his wife in an elegantly furnished flat
up in Harlem. Miss Mason called herself Mrs.
McMasters, and says her husband obtained a
divorce from his other wife "many months
ago in the far West." The senior Mrs. Mc-
Masters is still supported by her husband, and
says she has never heard anything about a
divorce. The feminine members of the Board
were bitter in their accusations of Miss Ma-
son, and the vote of exonerations came exclu-
sively from the masculine side. But heretof-
ore it is likely to be admitted that the female
eye is the sharper in hunting down a genuine
scandal.

General Clark Abandons Claim
Democrats Have Majority.

THE CHICAGO ANARCHISTS.

What Mayor Roche Said to a Re-
porter, Yesterday.

ALL QUIET IN BROOKLYN.

The Striking Car Drivers Reported for Duty
To-day—The Difficulties to be Settled.

By Telegram to The Freeman.

NEW-YORK, Nov. 16.—A Washington dis-
patch to the Post says General Clark, Clerk
of the House, has again abandoned his claim
that the Democrats are certain to have the
majority, and states that it will be necessary
to wait the official returns, and that all that
can now be said is that the result is in doubt.
One of the leading subordinate officials of
General Clark's office, who has all the infor-
mation as to Democratic hopes which Gen-
eral Clark himself has, says the officials at
the House have abandoned the expectation,
which they had a few days ago, that the
Democrats would organize the House, and
that they themselves would retain their places.
Representative Wilson, of West-Virginia, whose seat has so long
been in doubt, and whose election the Republi-
cans still deny, has arrived here, and is
frank enough to say that he has no doubt the
Republicans have secured control of the
House by a small majority. The confidence
of the Republican leaders is renewed. Chair-
man Quay claims six majority. Senator
Mahone is also confident that the Republicans
will have a majority.

HAS NO FEAR OF THE ANARCHISTS.

Mayor Roche, of Chicago, interviewed at
Buffalo—Men who are Closely Watched.

By Telegram to The Freeman.

BUFFALO, Nov. 16.—Mayor Roche, of
Chicago, does not share the fears expressed
by Inspector Bondfield in regard to the An-
archists. The Mayor was in Buffalo yester-
day for a new bridge, and was interviewed
as follows: "Do you anticipate any serious
trouble in the future with the Chicago Anarchists?"

"Not at all. We don't allow them to as-
semble in large meetings, or parade the streets.
As you know Chicago has some 800,000 popu-
lation and all told there are not over 8,000
Anarchists and not more than one-half that
number of real rabid ones. Now I claim that
these cranks—these noisy, noisy, noisy, noisy
cranks of the lowest type—have no right to
impose upon 800,000 people by parading and
their boisterous proceedings. I will not per-
mit it while I am Mayor, any how."

"Supposing they should make another out-
break like the Haymarket disturbance?"
"I am sure they would be shot down like
dogs. The police would not fool with them
an instant. Public feeling is against all
Anarchistic bodies. The majority of the
Anarchists are Germans of the low class,
and strange as it may seem, the higher
class of Germans are more firm in their
opinions against the Anarchists and contrib-
ute more money to fund and their sup-
pression than any other class of people.
In all Chicago there are only two Irishmen
who are Anarchists, and I believe that their
wits have led them to join the revolution-
ists simply to make a living, rather than out
of sympathy for their cause."

How do you keep them in such close surveil-
lance?"
"Easy enough. The Anarchists are all
suspect of each other, and of a class that
can be easily hired to 'give away' to the pub-
lic doings at their meetings. This, with the aid
of one of the best detective and police forces
in the world, gives us great advantage, and
we know every move they make. In fact
they are watched as a cat watches a mouse."

RAILWAY STRIKERS REPORT FOR DUTY.

Specifications that will be Settled by State
Board of Arbitration.

By Telegram to The Freeman.

BROOKLYN, Nov. 16.—The employees of
the New-Williamsburg & Flatbush Railroad
reported for duty this morning as at a
conference held at midnight. It was
decided between those who represented
the strikers and President
Z. W. Allen, of the Directors of the Road,
to leave the question to the State Board of
Arbitration to settle and abide by the
decision of the Board. The strikers all seemed
pleased to resume their places. The Com-
pany has agreed to all the specifications
except the "eight," which
calls for the reinstatement of the
discharged conductors, and the "fifteenth,"
which calls for the removal of Superintendent
Harris. The agreement which they have
entered into will stand until January 1, when
it is said, many of the strikers will be drawn
from the men who were arrested for rioting
yesterday were fined in Court to-day, and
a fourth was held for trial on a charge of as-
saulting a policeman.

THE REBUILDING OF WELLS COLLEGE.

Contract Let Yesterday; Cost Will Exceed
\$100,000—Mrs. Cleveland a Trustee.

By Telegram to The Freeman.

ITHACA, Nov. 16.—The contract for the
rebuilding of Wells College, at Aurora, N. Y.,
on Cayuga Lake, was let yesterday to a Mr.
Barnes, of Auburn. The plans are by Archi-
tect William H. Miller, of this City, and the
cost of the building will exceed \$100,000.
The building is a large, two-story structure,
with a central tower, and is to be sur-
rounded by a large lawn, with a fountain
and a tower, which latter contains the
plumbing of the entire building. The
dialing-room is upon a second floor,
with large concert hall under it.
The general style is severely
plain, yet exquisitely artistic. Mrs. Smith
drove the first stake yesterday, Mrs. Cleve-
land's successors, marching and singing as
they drove succeeding ones. Ground is to
be broken on Monday and the foundation
walls are to run a race with Jack frost.

THE MILITARY STRENGTH OF FRANCE

And Russia a Source of Anxiety to
Europe.

By Cable to The Freeman.

BERLIN, Nov. 16.—The Post says: The in-
crease of France's military forces brings us
nearer to war. This increase is being made
at a rate with which the peace powers are
scarcely able to keep pace. The same re-
mark may be applied to Russia, the increase
of whose military strength cannot be ex-
plained as a defensive measure.

The Deadly Car Store "Must Go."

By Telegram to The Freeman.

CHICAGO, Nov. 16.—A long step toward
abolishing throughout the West the use of
the deadly car store will be taken this week.
On November 18 the Rock Island Road will
commence running steam-heated vestibule
trains between Chicago and Colorado Springs,
Denver and Pueblo, and between Chicago and
Council Bluffs and Kansas City.

DOINGS OF THE PARNELL COMMISSION.

Testimony in Reference to the Murder of
Lord Mountmorres—Protest Made.

By Cable to The Freeman.

LONDON, Nov. 16.—In the Parnell Com-
mission sitting to-day Constable Drummond,
of Clonah, was called to the witness stand.
He testified that during the inquiry into the
murder of Lord Mountmorres he could not
get any assistance from the people. After
the formation of the Land League, he had
noticed a decided change in the manner of
the people towards the landlords.
On cross-examination he said he attributed
the hostility of the people towards Lord
Mountmorres partly to his Lordship's con-
duct in his capacity as magistrate, and partly
to his attitude on the land question. Mr.
Davitt then cross-examined the witness and
elicited the statement that Lord Mountmorres
had led the people to believe that he held
real communications with the Dublin Castle
authorities.

Sergeant O'Connor testified that he saw a
number of men with hands joined dancing
round a bonfire on the spot where
Lord Mountmorres was murdered.

Sir Henry James, of the Times, cross-ex-
amined, then announced that it was proposed to
give evidence in relation to outrages committed in
County Kerry.

Sir Charles Russell protested. He said it
would be very difficult to follow the case if
the prosecutors moved from one county to
another without touching evidence connecting
outrages with the persons accused.

Justice Hannen agreed with Sir Charles
Russell that the Commission could follow the
evidence by the method in which it was
proposed to give it only with
cumbersome difficulty. But when assured by
counsel that there was no other means to
shorten the case than the course proposed,
the Court was bound to assent.

Sir Charles Russell thereupon said, warm-
ly, "All I can say is, it is a pity that a
course which certainly will not conduce to
facilitate the inquiry."

Putnam Sullivan, a farmer of County Kerry,
was examined. He said in June, 1884, a
man came to his door, called him out and
shot him with a revolver. After he had re-
covered from his wound he was called upon to
attend a meeting of the League, where he
was asked to act a particular
tenant off with a reduction of rent.

He assented. On being cross-examined, wit-
ness said he did not connect the shooting with
any member of the League. At the
meeting he was not threatened. Sullivan
was then re-examined by Attorney General
Webster, who asked: "Since you came here
to-day have you spoken to either of the
Messrs. Harrington?"

Timothy Harrington, rising from his place
in the court's seat, said: "I never remem-
ber having seen the witness before."

Edward Harrington, who was seated on the
bench behind counsel, also arose and ex-
amined. "This man," he said, "I have
never seen the man before to-day. It is
hard to have our names thus dragged in."

Justice Hannen, addressing Timothy Har-
rington, said: "This proceeding is quite in-
regular. You ought to know that it is not
proper to bring in the names of persons who
are not in the case both as counsel and
witness."

Mr. Harrington replied: "I did not ap-
pear as a witness."

Justice Hannen—"You cannot interfere at
all."

Mr. Harrington—"The Attorney General
mentioned my name and I must request you
to afford the protection of the Court."

Justice Hannen—"Let the Court adjourn.
We must maintain decorum."

The Judges here left the bench hurriedly,
amid a scene of great excitement. Counsel
for both sides remained in their places and
Mr. Harrington consulted with Counsel for
the defense.

The Judges were absent 10 minutes. When
they resumed their places Mr. Harrington
immediately said that he had not meant any
disrespect to the Court.

Justice Hannen responded: "All persons
alike must obey the directions of the Court.
I am glad to receive your statement. The
taking of evidence was then resumed."

OPPOSED TO BLAKE'S APPOINTMENT.

A Telegram from Sir Arthur H. Palmer, the
Acting Governor of Queensland.

By Cable to The Freeman.

LONDON, Nov. 16.—Sir Arthur Huntley
Palmer, Acting Governor of Queensland, has
telegraphed to Lord Knutsford, Colonial Sec-
retary, opposing the appointment of Henry Arthur
Blake as Governor. He says Mr. Blake is not
known to have administered a responsible
Government with discretion and success, and
that Queensland is entitled to be in the Gov-
ernment of proved ability and discretion. Mr.
Blake's experience in Colonial Government is
confined to a year's Governorship of New
Foundland, while his previous experience
would only qualify him for the duties he
would be called on to perform.

The Ashbourne Act.

By Cable to The Freeman.

LONDON, Nov. 16.—A liberal use of the
Ashbourne Act is expected in order to force
through the bill for the extension of the Ash-
bourne Act, but neither side is hopeful that
the measure will be disposed of within a
week. The opposition estimates that it will
take at least a fortnight to discuss the bill.

Republican Gain in Kentucky.

By Telegram to The Freeman.

LOUISVILLE, Ky., Nov. 16.—Returns from
all but three small counties in the State give
Cleveland 181,394. Harrison 153,732. Cleve-
land's plurality is 28,662. The remaining coun-
ties will make the Democratic plurality about
28,000. The total vote is the largest ever
cast.

Of course, any one who accepts office under
Harrison will be classified as a Republican.

It is certain, however, that there will be no
division of importance among the whites in
such states as South Carolina, so long as there
is real danger that political divisions will
bring about negro rule in any form. I have
these considerations before me. I have ad-
vised the Southern Democracy to await quiet-
ly the outcome of affairs, to apply themselves
to the promotion and extension of Southern
industries, and, above all things, to decline to
be alarmed by the threat of attacks which
probably will never come.

"I don't expect the industrial develop-
ment of the South generally to be retarded
by the election of General Harrison, for the
reason that so large a part of the capital in-
vested in Alabama, Tennessee, Florida and
elsewhere comes from Northern sources, and
from men disposed to lean toward the pro-
gressive system. The forty negroes, and a
mulatto idea is to be revived, labor will be dis-
organized and the people, white and black,
will be seriously injured. The negroes do not
love work, and if they see a chance of escap-
ing from it, they will be difficult to manage."

"Do you think that the election of Gen-
eral Harrison will break up the 'Solid South'?"

"I do not. There will be a rearrange-
ment of political parties, but the underlying
devotion to Democratic principles in the
South, an confident, will cause the bulk of
the white people to continue their present po-
litical affiliations."

The Board of Supervisors of Ulster County met in Kingston, this morning, Supervisor Irving Deyo in the Chair.

The report of Railroad Commissioners of the town of New Paltz was read. There is due \$9,900 to pay principal and \$903 interest on Walkill Valley Railroad bonds.

The Railroad Commissioners of the town of Olive reported. Required to pay interest on Ulster & Delaware Railroad bonds, \$847; principal, \$3,700.

The report of the public debt of the town of Ulster was filed.

A paper signed by Republican Supervisors designating the KINGSTON FREEMAN as the newspaper to publish session laws was read.

The following resolutions were read and laid over under the rule:

By Supervisor Davis, to raise on the town of Rochester \$250 for roads and bridges.

By Supervisor Cox, to raise on the town of Wauarsing \$50 to pay interest on 4 per cent bridge bonds, and \$7,312.50 to pay railroad debt.

By Supervisor VanTassel, to raise on the town of Rosendale \$250 for roads and bridges.

Supervisor Irving Deyo moved that all bills presented for Vital Statistics be added to town abstracts, and the amounts audited and allowed by Boards of Town Auditors, with bills for Vital Statistics, to be levied upon the respective towns.

Supervisor Spore brought up the subject of publishing in the proceedings of the Board itemized accounts of County and other officers the same as last year. Mr. Spore was in favor of it, though it might cost more; in the end it would be a saving to the County, because the expenses of the County could be materially reduced. After a few words from Supervisors it was decided to lay the matter over for the present.

On motion of Supervisor VanElten the Board adjourned until 8 o'clock Monday night.

POLITICAL NOTES.

There is not much theorizing about the result of the Presidential election. It is a condition, not a theory.—*Newburgh Press.*

Two thousand dollars were lost and won in Haverstraw on the result of election.

Two hundred and sixty-five blanks were cast by voters in Ulster County during the late election.

Men mean enough to throw vitriol upon an

American flag are numbered among House-
democrats.

Cleveland may have been born under a
lucky star, but his luck stars have not
whenever to do with free trade messages.

A change of 12 votes more will make
the town of Conesville, that old Democratic
stronghold, Republican.—*Gilboa Monitor.*

"A Cleveland Democrat," in a letter to the
Albany Express, insists that Hill defeated
Cleveland. This is the way he argues it out:

"The National issue was the tariff, on that
issue squarely presented Cleveland carried
Connecticut and New Jersey, a state on each
side of New-York. Hill, for his own personal
ends, injected into the issue in New-York a
local issue of his own—subserviency to the
run interest."

"Hill, in his desire to
make his election sure on his local lobby,
killed Cleveland dead under a door nail." So
many Democrats are talking to this effect
that Mr. Hill's friends may well fear that he
will "be a glorious future—behind him!"—*Tri-
bune.*

YES, HE NEEDS A REST.

A dispatch from Fort Monroe, Novem-
ber 15, reads: "David B. Hill, of New-York,
is here at the Hyattsville Hotel. He arrived this
morning, accompanied by Col. J. S. McEwan,
of Albany, his Assistant Adjutant-General;
Judge A. B. Parker, of Kingston, N. Y., and
W. B. Sheehan, of Buffalo. It is be-
lieved a season at this place, the guests are
few and far between, and parts of the hotel
are in the hands of builders and renovators.
Gov. Hill came here for rest. He will get it
in a vengeance. He said to-night that he
had come here only to recuperate after the
work and excitement of the last few weeks,
and avoid being talked to death in New-York.
He has been called on by many of the officers
of the fort, and there is little doubt that he
will be entertained by them while he is here,
but as yet no plans in this direction have been
made. If he continues doing as he has so far
done the Governor will be healthy, wealthy
and wise. At 8:45 o'clock to-night he had
retired."

WORK OF YOUNG LADIES AS TEACHERS.

Their Kindness to Young Girls Over in
Rhinecliff Described by a Correspondent.

This, then, is a proof of a well trained mind, to-
day in Rhinecliff, and to be annoyed at the
opposite—*Cisco.*

The Rhinecliff correspondent of THE
FREEMAN writes: Hon. Levi P. Morton and
family left "Ellerslie," last Friday, for their
home in New-York City, where they will re-
side until Mr. Morton goes, on the fourth of
March, to Washington. Their departure
occasioned regret, especially among the
girls of this vicinity, who have been so
kindly treated and considered by the
daughters of the Vice-President elect
On Saturday, September 8, they or-
ganized a sewing school and invited all the
girls to join. They were to meet every Sat-
urday, while the Morton family remained,
at "Ellerslie." The Misses Morton were
to furnish all the material and in-
struction gratis, and the articles made
were to be contributed to some deserv-
ing or charitable institution. There were
about 20 members. On Saturday, Novem-
ber 3, the last meeting was held, but, instead
of sewing there were rhetorical exercises and
music, and prizes were awarded to each class
much to the surprise of the happy
girls who had already been so
generously treated. In the First Class, over
100 articles were made, and the prize was
Miss Edith Morton, a silver thimble. In the
Second Class, the prize was given to Miss
Edna Pearson for the best sewing, and
Miss Clara Whitson received a hand-
some book for the most regular attendance.
In the Second Class, which was under the
supervision of Miss Edith Morton, the prize
was given to the Morton girls, as teachers, a
box of paints and book for most regular at-
tendance. The last day was a very enjoy-
able one for the girls, and the class will be re-
organized as soon as the Morton family re-
turn next summer.

**THE BREAK IN WEST SHORE TUNNEL AT WEST
POINT—What the Central Is Doing.**

The pack saddle has been put on the ox.—*Chen-
ey.*

The accident on the West Shore Railroad
in the West Point tunnel occurred on Octo-
ber 16. The damage has not yet been re-
paired. This forenoon Superintendent Brad-
field told a reporter of THE FREEMAN that in
all probability it would be two weeks longer
before the tunnel would have been repaired
sufficiently to allow trains to pass through.
A temporary arching of 30 inch oak logs is being
constructed. After the dirt and stone have all
been removed from the tunnel, the work of
putting up an arching of stone or brick, with
steel ribs under it, will be commenced.

[From the Newburgh Press.]

The Erie had another landslide on its
tracks, near Washington Heights, to-day, the
rain melting some of the sand on the high hill
and precipitating several tons of mother earth
on the iron highway at its feet, which, by the
way, is a regular occurrence after a shower.
There will be the largest kind of a suit
against the City for these many days, as the
Erie people are getting their dander up. The
slide this morning fortunately covered but
one of their tracks, leaving the other track
free for the numerous Erie and West Shore
trains that are now passing into this City
daily.

It is stated that the New York Central &
Hudson River Railroad authorities have com-
menced sending detectives to the cities and
towns in which their employees reside, to as-
certain the habits of their men upon the one
question of use of liquor and intoxication.
The record of each employee is to be written
out in full on the one point named, and is to
be sent to the General Superintendent for ac-
tion.

That life will be worth living.

We celebrate Thanksgiving.—*Er.*

Today dawned springlike.
City markets are well supplied with poul-
try.

Colder, fair weather promised for Sat-
urday.

Chimneys on houses in this City just
"soot" 'old Santa Claus.

"How's she cutting?" is the latest slang
phrase heard in Rondout.

Kingston City milkmen have lots of
"pints" to give people daily.

A man said in Rondout to-day "the mud
has become more settled, if the weather has
not."

It has never yet been learned the name of
the place where people live between hope and
fear.

The members of the Common Council of
this City will hold a regular session this eve-
ning.

A Rondout rag-gatherer, this forenoon, had
as part of his load a large bundle of red ban-
danas.

Procuring good "home made" buckwheat
flour is the "present anxiety" of many peo-
ple in this City.

It is said that a mud-digger will begin op-
erations to-morrow on the road between Ron-
dout and Edenville.

Albert Hawkins, at one time a resident of
Rondout, has accepted a position in a bank
at North Adams, Mass.

One advantage of streets or roads being
top-dressed with broken stone is that the
frost has little effect upon them.

A butcher of this City displays the follow-
ing in front of his shop: "No campaign
roosters for sale here. They're too tough."

It is a scientific fact that the sun draws
water. Old Sol has been kept quite busy the
past 80 days, but it seems he has no reservoir
up there to put his stock in, and he slows
it here below.

A degrading spectacle was witnessed on the
corner of The Strand and Canal-street, Ron-
dout, at about 1 o'clock this afternoon. A
woman so intoxicated that she could not
walk alone, fell in the mud, where she strug-
gled to get up.

Judge—"What is the charge against this
man?"

"He is suspected of being an Anarchist,
your Honor. This red flag was found in his
pocket."

Prisoner—"That's red handkercher, Judge,
and 'ye'll let me go I'll never wear one
again."

Judge—"The prisoner is discharged."

This forenoon, Mrs. Jimmie Low, who oc-
cupies rooms in a two-story frame building on
Washington-avenue, Kingston, owned by
Mayor Newkirk, filled the oven of her cook
stove with kindling wood to dry the same.

The wood took fire while Mrs. Low was out
of the house and smoke came from the doors
and windows. An alarm of fire was sound-
ed. Before the firemen reached the place,
the fire had been extinguished by pails of
water.

The third hearing in the case of George
Weber against John Weber, Jr., of Rondout,
was held before Walter N. Gill, Referee, this
forenoon. The action was brought for an
accounting and dissolution. The hearing
parties were in the large double parlors,
and when George Weber withdrew he de-
manded a settlement, but the terms offered
him were not satisfactory, hence the suit.
The counsel in the case are Preston and Chipp
for the plaintiff and E. D. Brandom for de-
fendant.

This forenoon a bulky horse on Union-
avenue, Rondout, created a crowd of excitement
and collected a crowd of men and boys.
Various were the words of advice given to
the driver to make the animal go. Several
modes were tried, but the horse refused to
stir. Finally one man said: "I know how
that load can be drawn away." "How?"
exclaimed the exasperated driver. "Unhitch
the horse and put another one that is not
balky in its place." This last advice was fol-
lowed and the "show" ended.

THE RECORD OF CITY AMUSEMENTS.

"The Danites," "Rose Cottage," Perform-
ing Dogs; Mrs. Thomb—Firemen's Ball.

It is impossible for a man attempting many things
to do them all well.—*Jefferies.*

[From the Newburgh Press.]

The members of the Dutch House Company,
of Rondout, are making extensive prepara-
tion for a fair to be held at Washington Hall
during holiday week.

"The Danites" was rendered by the Bald-
win-Melville Combination, at Kingston Opera
House, last evening, to an appreciative audi-
ence. To-night the play will be "East
Lynn."

Joseph J. Sullivan, supported by an excel-
lent company, will present his popular drama,
"The Black Thorn," at Liscomb's Opera
House, Rondout, for three nights next week,
beginning on Monday.

Puck & Fursman's Mrs. General "Tom"
Thompson Company, Professor Hubert's
trained horses and performing dogs will give
two entertainments in Kingston Opera House
on Wednesday, November 21. One will be
a matinee for ladies and children at 3:30
o'clock. A street parade will be made at
noon.

"Rose Cottage" was the name of the play
presented at Liscomb's Opera House, last
evening. The actor who presented "Muggs"
is a comedian, and a man evidently who has
done good work in his day. To-night's bill
is "Nobody's Child, or the Lost Will." To-
morrow afternoon the bill will be "Mari-
tanna, the Dancing Girl" and Saturday eve-
ning "Blow for Blow."

A Man Who Can Whistle.

A Kingston man said to-day: "Reading
about Mrs. Shaw's alleged success as a whis-
tler in New-York City, calls to mind the fact
that there is a melodious whistler in King-
ston. His whistling is of the contralto order.
During the whistling of a song the notes
have a liquid melody not unlike those of a
lark in the springtime. The whistler I
refer to is a colored man."

"The Freeman" of Saturday.

The Saturday evening issue of THE FREEMAN
will contain the usual large budget of
local, general, telegraph and cable news.
Among the special articles will be a story of
an encounter with two wildcats; a yarn about
Marlborough's "Old Settler"; a story con-
tributed by the Woman's Christian Temper-
ance Union, of Rondout, etc.

Sounds as Though It Might be True.

"Ma," said a Wurtsrater, Rondout, small
boy, "burr up and go into the parlor. Sis-
ter's feller is killin' her."

"Killing her! What do you mean?"

"I seed him put his arms round her, and
heard him say, 'Now I'm goin' ter squeeze
you to death.'"

This Occurred To-Day.

"There was a gentleman here, mum, while
ye were gone."

"No, mum; he sid he was a member of the
Evangelical Alliance, and that he would call
again."

Is This the Explanation?

The expression "Johnny Get Your Gun,"
used by hoodlums in this City, had its origin
during the war, said an old soldier, this fore-
noon. Whenever the Union forces came in
sight of the Rebels the cry went up among
the Confederates, "Johnny Get Your Gun."

The Board of Supervisors of Ulster County met in Kingston, this morning, Supervisor Irving Deyo in the Chair.

The report of Railroad Commissioners of the town of New Paltz was read. There is due \$9,900 to pay principal and \$603 interest on Walkill Valley Railroad bonds.

The Railroad Commissioners of the town of Olive reported. Required to pay interest on Ulster & Delaware Railroad bonds, \$847; principal, \$8,700.

The report of the public debt of the town of Ulster was filed.

A paper signed by Republican Supervisors designating the KINGSTON FREEMAN as the newspaper to publish session laws was read.

The following resolutions were read and laid over under the rule:

By Supervisor Deyo, to raise on the town of Rochester \$250 for roads and bridges.

By Supervisor Cox, to raise on the town of Wawarsing \$80 to pay interest on 4 percent bridge bonds, and \$7,312.50 to pay railroad bonds.

By Supervisor Van Tassel, to raise on the town of Rosendale \$250 for roads and bridges.

Supervisor Irving Deyo moved that all bills provided for by the Legislature be added to town abstracts, and the amounts audited and allowed by Boards of Town Auditors, with bills for Vital Statistics, to be levied upon the respective towns. Carried.

Supervisor Spore brought up the subject of publishing in the proceedings of the Board itemized accounts of County and other officers the same as last year. Mr. Spore was in favor of it, though it might cost more, in the end it would be a saving. He thought the expenses of the County could be materially reduced. After a few words from Supervisors it was decided to lay the matter over for the present.

On motion of Supervisor Van Tassel the Board adjourned until 8 o'clock Monday night.

American flags are numbered among Honesdale Democrats.

A change of 12 votes more will make the town of Conesville, that old Democratic stronghold, Republican.—*Gilboa Monitor*.

"A Cleveland Democrat," in a letter to the *Albany Express*, insists that Hill defeated Cleveland. This is the way he argues it out: "The National issue is the tariff; on that issue squarely presented Cleveland carried Connecticut and New Jersey, a state on each side of the Hudson, for his own personal ends, injected into the issue in New York a local issue of his own—subserviency to the ruin interest. * * * Hill, in his desire to make his election sure on his local hobby, killed Cleveland dead at a door nail. So many Democrats are talking to this effect that Mr. Hill's friends may well fear that he has 'a glorious future—behind him.'—*Tristram*.

YES, HE NEEDS A REST.

A dispatch from Fort Monroe to the *New York World*, under the date of November 15, reads: "David B. Hill, of New York, is here at the Hygeia Hotel. He arrived this morning, accompanied by Col. J. S. McEwan, of Albany, his Assistant Adjutant-General; Judge A. B. Parker, of Kingston, N. Y., and W. B. Stedman, of Buffalo, N. Y. It is between seasons at this place; the guests are few and far between, and parts of the hotel are in the hands of builders and renovators. Gov. Hill came here for rest. He will get it with a vengeance. He said to-night that he had come here only to recuperate after the work and excitement of the last few weeks, and avoid being talked to death in New York. He has been called on by many of the officers of the fort, and there is little doubt that he will be entertained by them while he is here, but as yet no plans in this direction have been made. If he continues doing as he has so far done the Governor will be healthy, vigorous and wise. At 8:45 o'clock to-night he had retired."

WORK OF YOUNG LADIES AS TEACHERS.

Their kindness to Young Girls Over in the West. The West is a land of many needs, and it is a proof of a well trained mind, to be able to do what is good, and to be able to do it to the point of the pen.

The Rinehild correspondent of THE FREEMAN writes: Hon. Levi P. Morton and family left "Ellerslie," last Friday, for their home in New York City, where they will reside until Mr. Morton goes, on the fourth of March, to Washington. Their departure occasioned regret, especially among the girls of this vicinity, who have been so kindly treated and considered by the daughters of the Vice-President elect. On Saturday, September 8, they organized a sewing school and invited all the girls to join. They were to meet every Saturday, while the Morton family remained, at "Ellerslie." The Misses Morton were to furnish all the material and instruction gratis, and the articles made were to be contributed to some deserving or charitable institution. There were about 30 members. On Saturday, November 3, the last meeting was held, but, instead of sewing there were rhetorical exercises and music, and prizes were awarded to each class much to the surprise of the happy girls who had already been so generously treated. In the first class, Miss Edith Morton—a silver thimble was awarded to Miss Edna Pearson for the best sewing, and to Miss Edith Morton for the best work. In the second class, which was under the supervision of Miss Helen Morton, a photograph of the Morton girls, as teachers, was awarded to Miss Edith Morton for the best work. In the third class, taught by Miss Lena Morton, a box of paints and book for most regular attendance. The last day was very enjoyable for the girls, and the class will be re-organized as soon as the Morton family returns next summer.

AFFAIRS OF LOCAL RAILROADS.

The Break in West Shore Tunnel at West Point—What the Central is Doing.

The accident on the West Shore Railroad in the West Point tunnel occurred on October 16. The damage has not yet been repaired. This forenoon Superintendent Bradfield, a reporter of the *Freeman*, was in all probability it would be two weeks longer before the tunnel will have been repaired sufficiently to allow trains to pass through. A temporary arching of 30 inch oak logs is being constructed. After the dirt and stone have all been removed from the tunnel, the work of putting up an arching of stone or brick, with steel ribs under it, will be commenced.

The Erie had another landslide on its tracks, near Washington Heights, today, the rain falling some of the sand on the big hill and precipitating several tons of mother earth on the iron highway at its feet, which, by the way, is a regular occurrence after a shower. There will be, perhaps, the largest kind of a suit against the City ere many days, as the Erie people are getting their dander up. The slide this morning fortunately covered but one of their tracks, leaving the other track free for the numerous Erie and West Shore trains that are now passing into this City daily.

[From the Poughkeepsie Eagle.]

It is stated that the New York Central & Hudson River Railroad authorities have commenced sending the city and towns in which their employees reside to ascertain the habits of their men upon the one question of use of liquor and intoxication. The record of each employee is to be written out in full on the one point named, and is to be sent to the General Superintendent for presentation.

HEARD ON THE STREETS.

LOCAL SHEAVES GATHERED TO-DAY FROM THE HARVEST OF NEWS.

And the Sickle Cut a Wide and Deep Swath Leaving no Aftermath, and all the Grain is Here in "Freeman" News Paragraphs.

The atmosphere of politics is now no longer murky. Let's stop discussing campaign tricks and talk of peace and truth. For in a few days more we'll find that life will be worth living. When, therefore, we're to the wind, we celebrate Thanksgiving.

Today dawned springlike. City markets are well supplied with poultry.

Colder, fair weather promised for Saturday.

"How's the cutting?" is the latest slang phrase heard in Rondout.

Kingston City milkmen have lots of "pints" to give people daily.

A man said in Rondout to-day "the mud has become more settled, if the weather has not."

It has never yet been learned the name of the place where people live between hope and fear.
